

MANAGE YOUR BUSINESS. NOT YOUR NETWORK.

Managed Network Services, giving you time back to focus on what matters.

Keep your network connected, protected and performing at its best with our Managed Services portfolio. Start with Managed Dedicated Internet, then choose the network enhancements right for your business; Managed Wi-Fi, Managed Cellular Failover and Managed Security.

Portfolio of services:

Choose the right mix of enhancements for your business today, and flex as you grow tomorrow.

Single pane of glass:

Improve visibility and monitor services in real time with the Meraki dashboard.

One contact, one provider:

We make things easy with one contact, one provider and one number to call.

CONNECT IT

Managed Dedicated Internet

Do more with dedicated internet, installed, configured and **proactively monitored and managed 24/7** by our team of certified professionals.

Powered by:

Managed Cellular Failover

Keep your critical applications up and running, even if your internet drops with automatic failover.

PRESERVE IT

SECURE IT

Managed Security

Have peace of mind knowing your data is secure with Standard or Advanced cyber threat protection.

EXTEND IT

Managed Wi-Fi

Improve customer and employee experience with robust Wi-Fi reaching up to 10,000 square feet.

Managed Dedicated Internet is required in order to add Managed Wi-Fi, Managed Security and Managed Cellular Failover.

WHAT DOES MANAGED MEAN FOR YOUR BUSINESS?

Do more with less.

Save money and maximize productivity as we install, configure, secure, monitor and update your network day-to-day.

Protect your business and its data.

Have peace of mind knowing your network is secure with advanced cyber defense.

Real time data at your fingertips.

Make informed decisions using network data captured in your Meraki dashboard.

Keep your business moving.

Reduce downtime with guaranteed 99.99% circuit availability, proactive monitoring, and automatic failover.

Work productively, wherever.

Allow your employees to work in and out of the office with robust Wi-Fi and secure VPN for remote access.

Be future ready.

Meet changing needs with additional network services. Talk to us about what you'd like, and we'll handle the rest.

WHY FRONTIER?

Always innovating to bring you the latest solutions that transform the way you work.

Specialized teams ready to address your questions and needs.

Market-leading partnerships with innovators such as Cisco Meraki and RingCentral.

Trusted nationwide by 93% of Fortune 500 companies for connectivity.
